SEQUOIA

This family-owned charter company based in Jakarta uses its indigenous knowledge to host guests on their new traditionally-built 86ft motor sailer. Catered for by 10 crew including a cruise director and a Balinese spa therapist, the low-emission *Sequoia* focuses on freshly prepared local food and insights into local culture – and avoids plastics and chemical toiletries.

Voyages take place throughout eastern Indonesia, with the yacht cruising Komodo and East of Flores in the middle of the year and the Banda Sea, Kaimana and Raja Ampat in the ‘southern summer’. The two-suite layout is ideal for couples or a family, while the adventurous can learn to dive and gain international PADI dive certification. The yacht has seven sets of dive equipment plus two for kids, a Bauer Dive Compressor and seven sets of snorkelling equipment. Other toys include three kayaks, two SUPs, one tube and water-skis.
