

Sequoia

A SANCTUARY FOR YOUR JOURNEY OF DISCOVERY

**CORAL
TRIANGLE**
SAFARIS

CORAL TRIANGLE SAFARIS

Coral Triangle Safaris (CTS) was established in 2017 from a passion to explore Indonesia, the world's largest archipelago with over 17,000 islands. The position of Indonesia at the intersection of the Pacific and Indian oceans results in plentiful plankton. One can see the smallest macro fish during a muck dive and then the largest whale shark on the same Safaris. According to conservationist, it has richest marine biodiversity on earth.

You will appreciate the natural beauty, and the spirit of the people that inhabit the islands. These reefs and islands are seemingly untouched by time with many traditional subsistence sea tribes working hard to earn their catch for today. These are remarkable and unforgettable experiences in the heart of the Coral Triangle of Indonesia.

We understand that each guest is different and therefore, we craft a specific Safari that will meet your family's needs. Your choice of activities and interests will help define your Safari whether it is venturing out to sea to snorkel or dive or relaxing across from a majestic island. The appropriate itinerary, food and beverage, are customized on your requirements.

Our goal is to help you and your family experience one of the worlds most remote and beautiful places, The Coral Triangle, as safely and comfortably as possible.

Sequoia

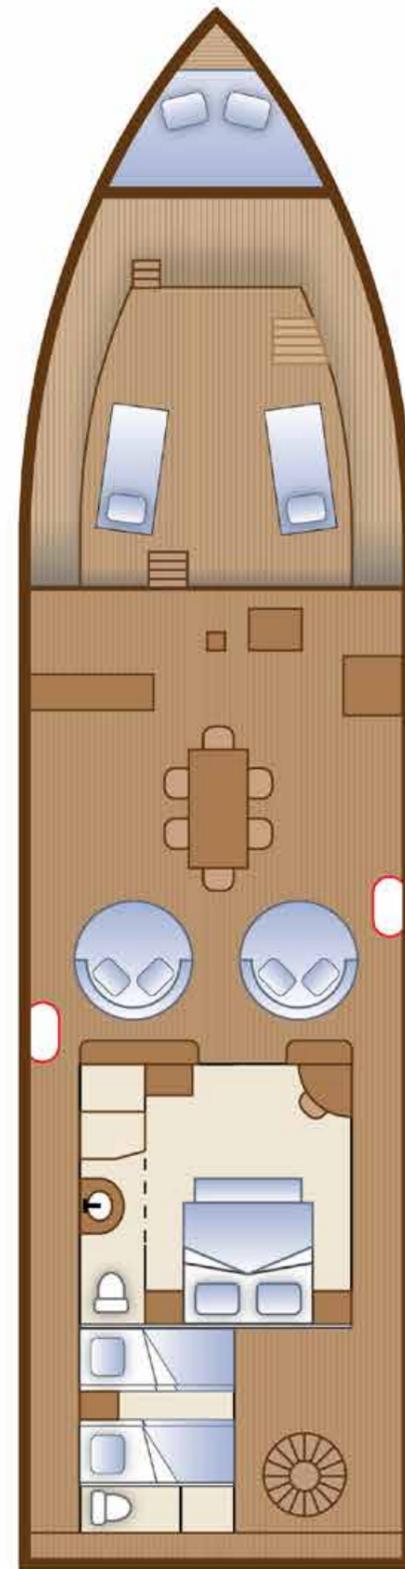

Sequoia was named after the giant *Sequoia* tree, which is one of the oldest living organisms on earth. It is primarily a motorboat powered by John Deere but also has auxiliary Doyle sails.

We have combined the best aspects of traditional Sulawesi hull construction, a UNESCO Intangible Cultural Heritage of Humanity, with the most advanced marine machinery, hardware, and electronics to produce this remarkable vessel. A focus on **advanced technology** increases comfort and safety for the guests. At the same time, all installed components are rated at the lowest level of emissions per US Environmental Protection Agency guidelines.

Designed with an emphasis on **space, privacy and comfort**, *Sequoia* features **three generous suites** surrounded by ocean, an intimate and cozy great room, a spacious sky deck, and plenty of areas to lounge. Every detail has been handmade by local artisans, and/or handpicked with **sustainability in mind**. We do not use single-use plastic or palm oil product on board *Sequoia*.

There is immense cultural diversity within this enormous Archipelago, known as "Nusantara". From serving the best local cuisine and exotic drinks to supporting local communities, you will connect to **the true spirit of the place**.

SKY DECK

Sailing aboard a yacht is the ultimate luxury especially with a 270-degree view of the most pristine oceans in the world.

Our Sky Deck is 12 x 6 meters platform that offers endless vistas- from sunrise to sunset. You can enjoy drinks and meals at the large central table or relax under one of the two clamshell day beds.

It is the ultimate venue to enjoy dinner and gaze at the stars into the midnight blue.

THE GREAT ROOM

Designed with our guests in mind, this large open-air style room is surrounded by 20 handmade teak-louvered doors.

These doors can be closed to give the room more protection from the wind and rain.

The focal point of the room is large teak dining table, where family and friends will gather for meals, conversation, and planning.

Opposite the large teak table is our customized beverage center, where we make to order coffee, tea, fresh tropical juices, and many other types of drinks.

This is a great area to congregate and enjoy any time day or night.

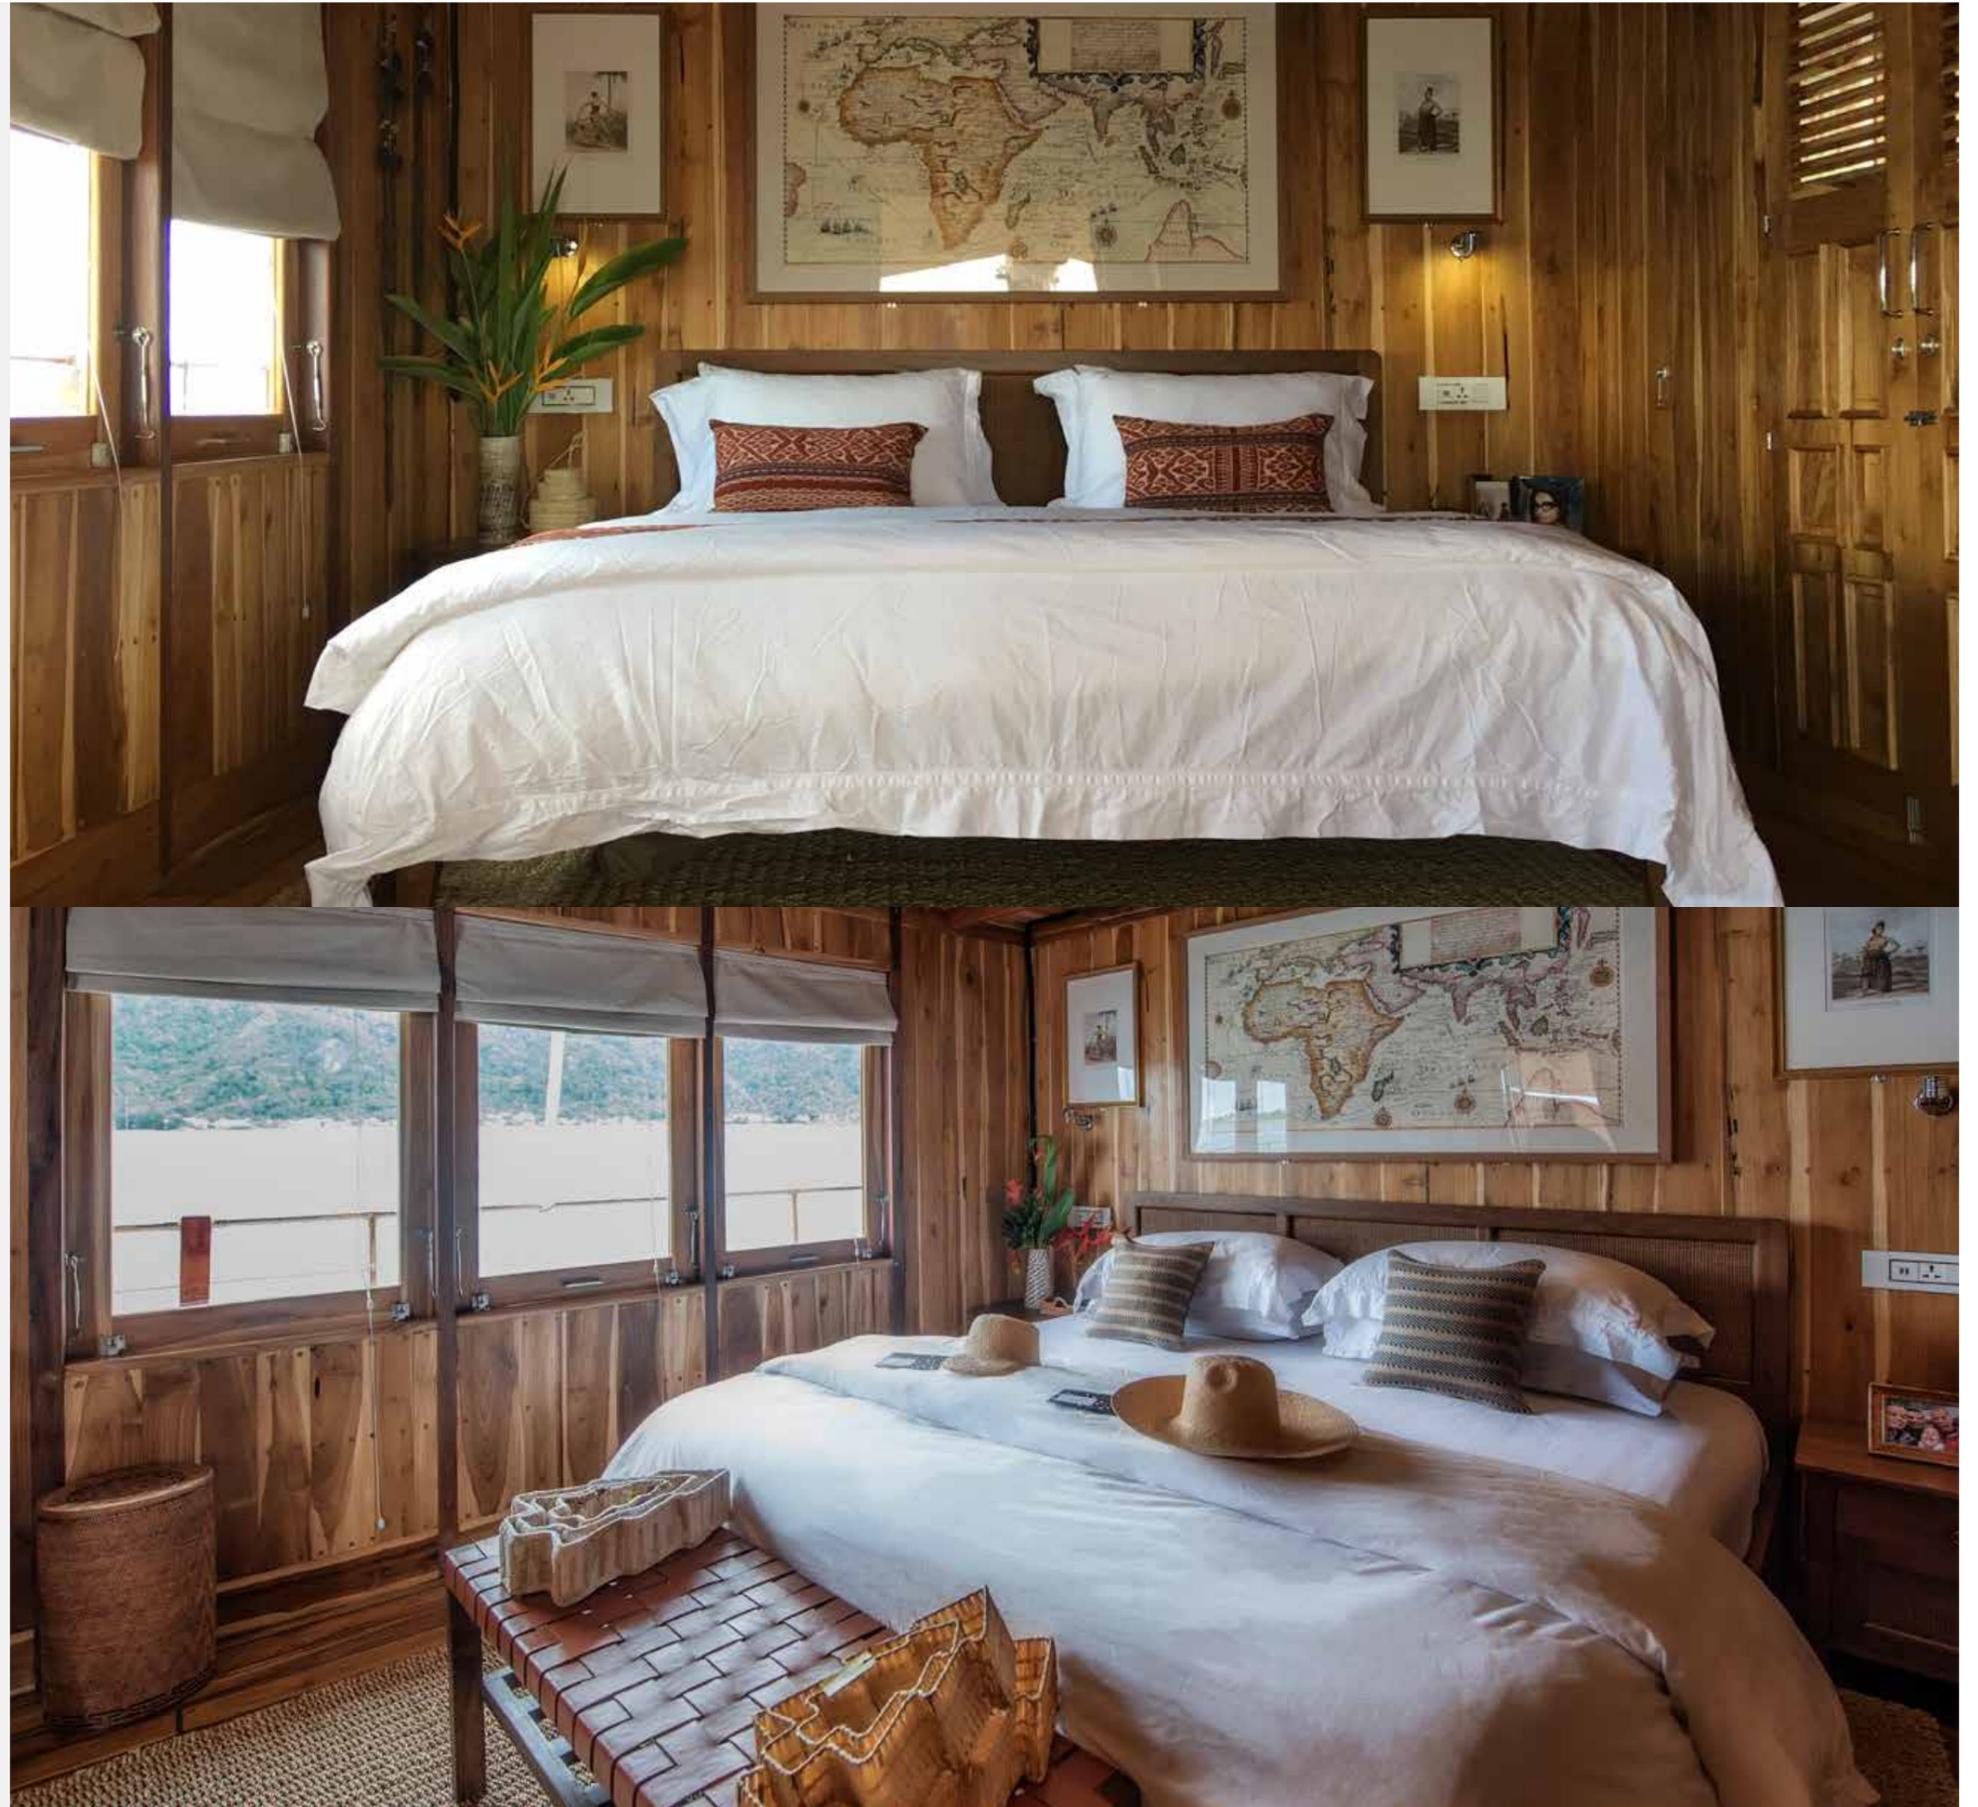

SKY SUITE

Blue tropical sky makes us dreaming of summer holiday. This modern yet timeless sky suite brings your comfort to the next level. Décor includes an elegance teak and woven rattan king bed complete with Belgian linens or Egyption cotton of your choice.

Frosty Carina Caesarstone wall, completed with Hansgrohe Axor fixtures brings sleek look into Sequoia, a solid wooden yacht. It is a place where you and your loved one share countless beautiful moments while sailing the richest reefs on earth.

AMENITIES

- Air conditioning
- HD Flat screen & movie selection
- Marshall Bluetooth speaker
- 110 & 220 V electricity
- Hot and cold 220 V hairdryer
- Hot and cold fresh water shower
- Organic toiletries by Sensatia Botanica
- Bamboo toothbrush
- Bath towel & kimono
- Parfume by Gaya
- Yoga Mat
- Organic cotton sandals
- Beach towel & sarong
- Beach bag and hat
- Reefs safe sunscreen & cooling gel

ISLAND SUITE

Created with every attention to detail, our island suite is inspired by the rich diversity of more than 17,000 islands of Indonesia. Décor includes an intricately, hand-carved king bed complete with the finest Belgian linens or Egyptian cotton of your choice. A King bed is convertible into 2-twin beds.

A luxurious en-suite bathroom made with Caesarstone offers timeless elegance, completed with Hansgrohe Axor fixtures. Enjoy all the comforts of home, while sailing throughout a tropical paradise.

- Beach bag and hat
- Reefs safe sunscreen & cooling gel

ENGINE ROOM

Sequoia is equipped with USA marine technology. We only use the most sophisticated, reliable, ecological, quiet, low emission – no smoke, efficient system which translates to a safer and more comfortable journey.

SAILING

Although *Sequoia* utilizes an advanced turbo-diesel engine for its primary propulsion, the 3 large Doyle USA sails provide alternative and complimentary power when the winds are favourable. This allows you to feel the exhilaration of wind power pushing *Sequoia* to its destination much like the early explorers of the 16th century.

SPEEDBOATS

The 7 m (22 ft) Boston Whaler Dauntless is the primary mode of transportation for day trips and all scuba, snorkeling, tubing and waterskiing activities. The Mercury 225 HP OptiMax engine provides more than enough power achieving speeds of 75 kmh or 47 mph.

An additional smaller aluminum 5 m (17 ft) Tracker V16 is used for short journeys to shore when the Whaler is out so guests can go to shore at any time.

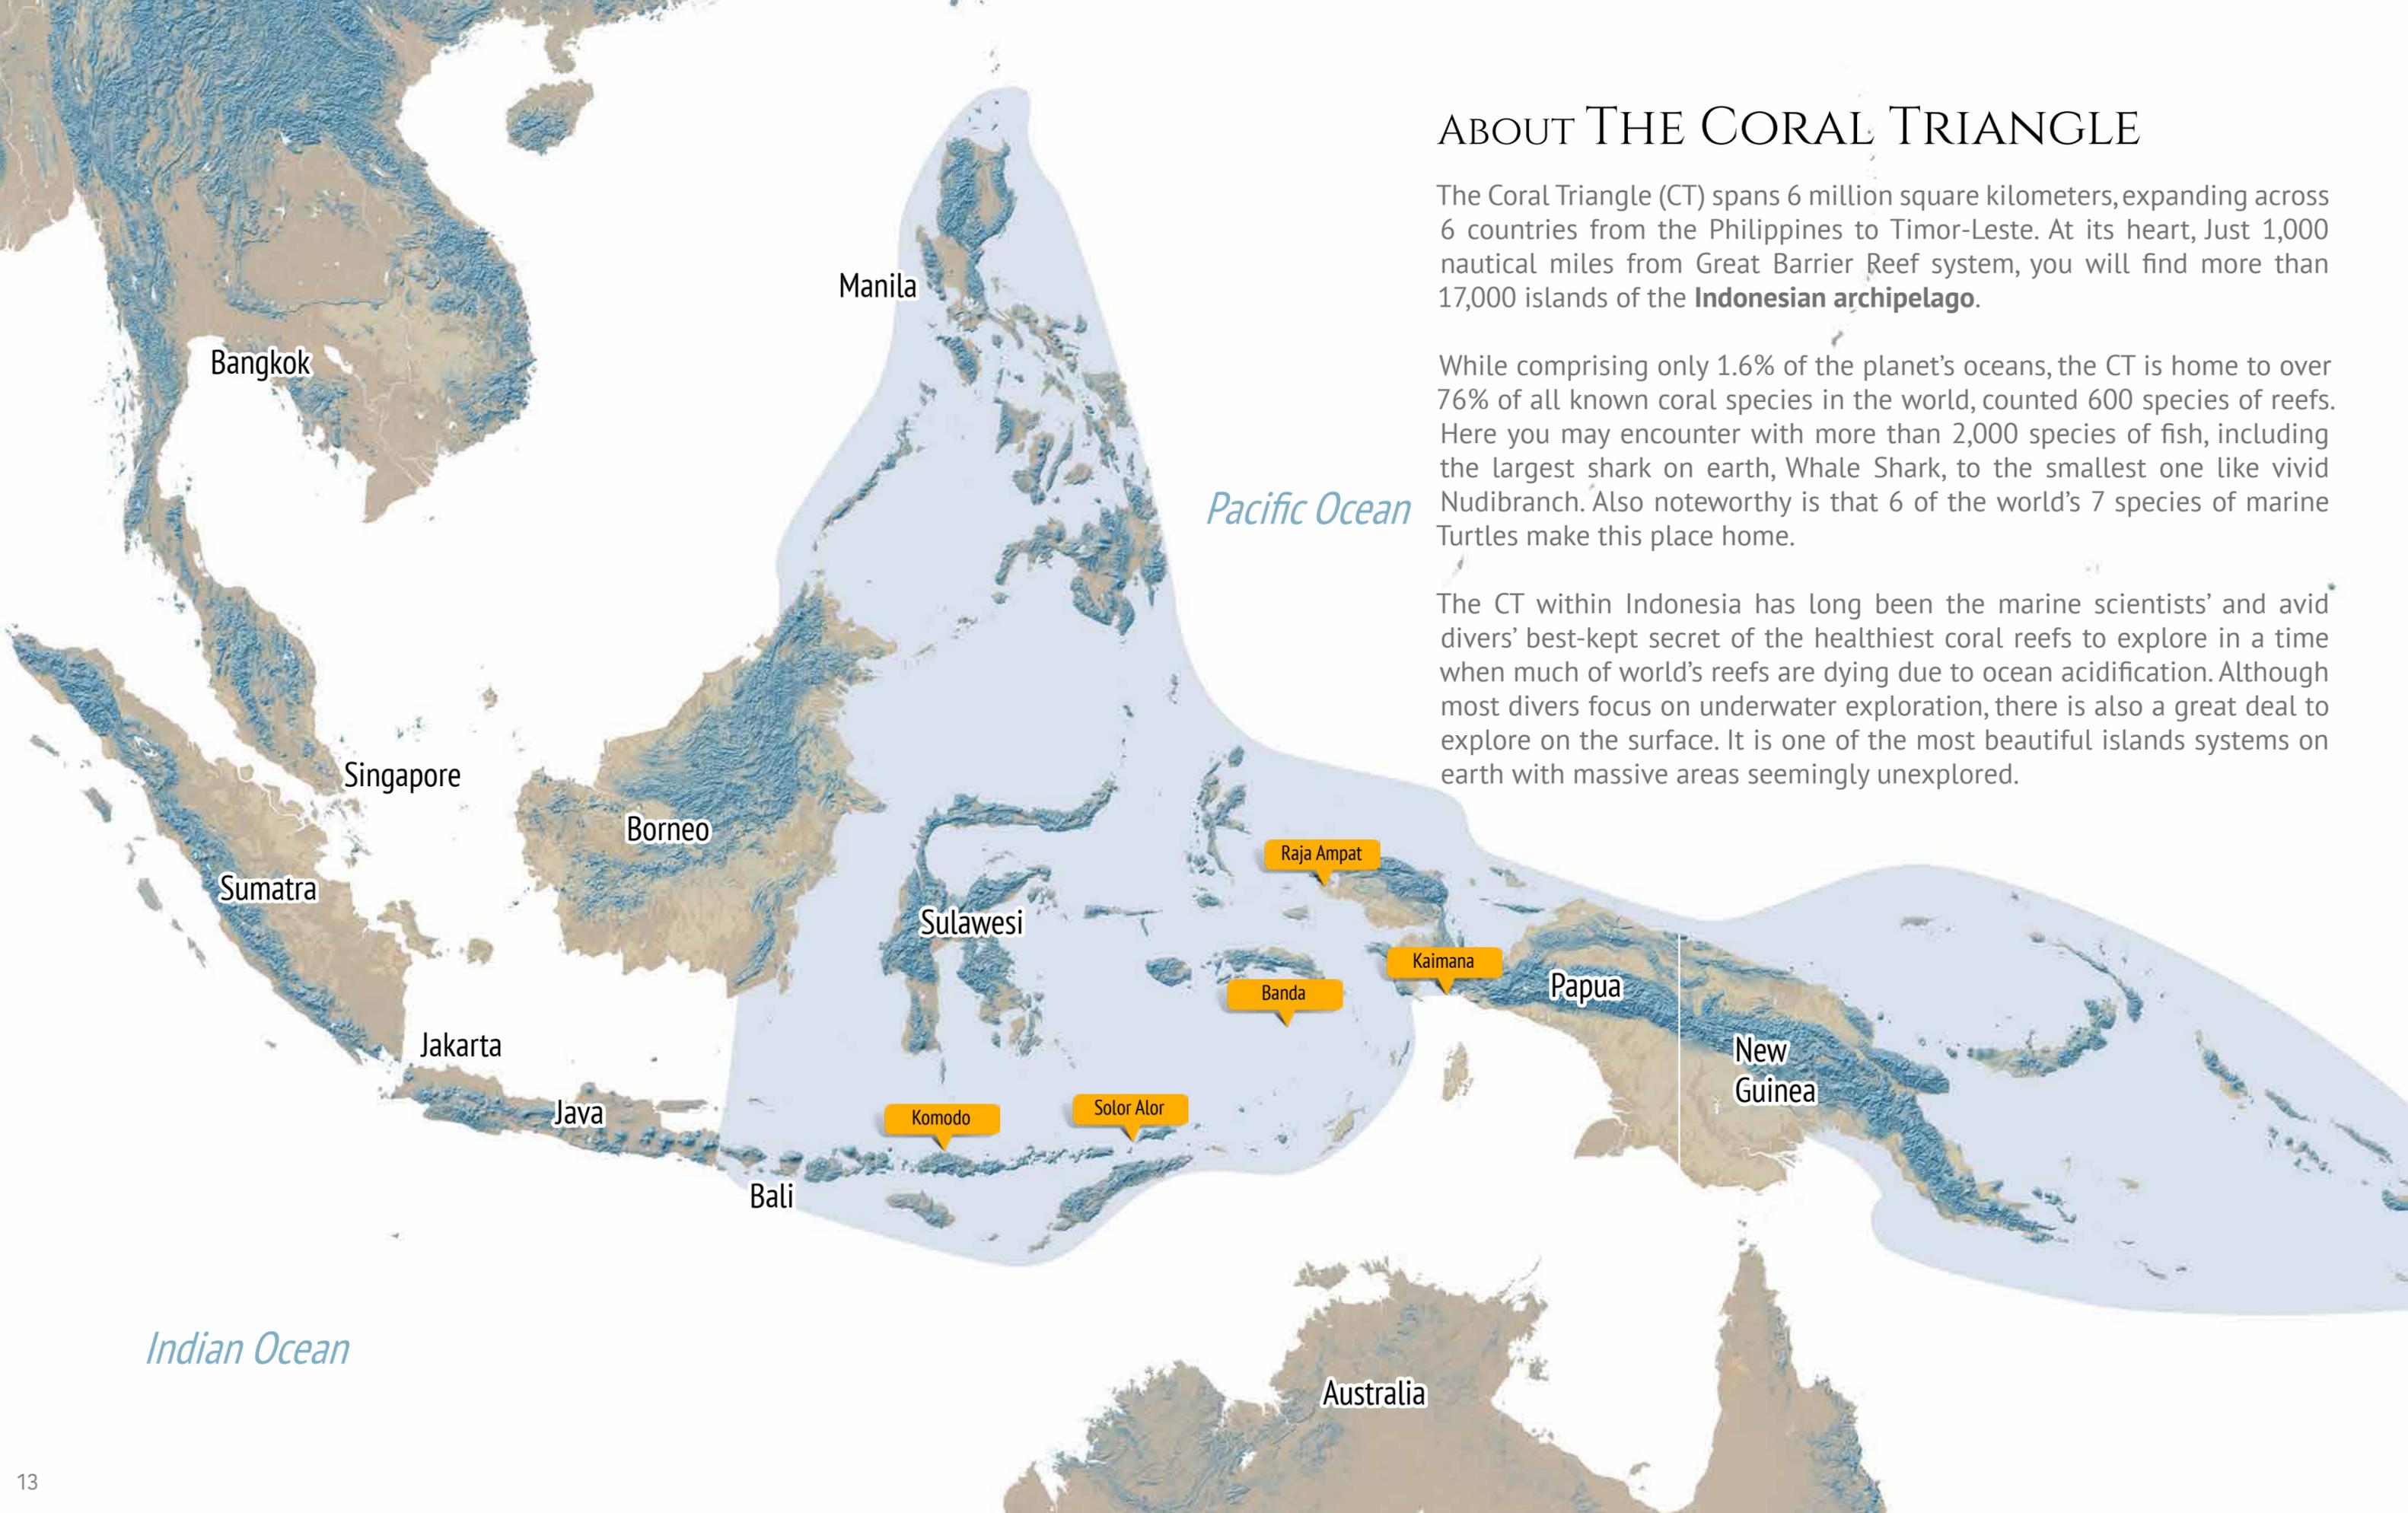

DIVE CENTER

Equipped with 9 full scuba diving sets including 2 for children. The center features a Bauer Dive Mate compressor with large fill bank makes it possible to fill scuba tanks in a few minutes.

All divers are required to carry signaling flags and the Dive Master has a VHF (GPS) radio to use after resurfacing to communicate with the dive boat. This safety feature helps ensure that the Whaler can locate surfaced divers in an instant.

DESTINATION
THE CORAL TRIANGLE

ABOUT THE CORAL TRIANGLE

The Coral Triangle (CT) spans 6 million square kilometers, expanding across 6 countries from the Philippines to Timor-Leste. At its heart, just 1,000 nautical miles from the Great Barrier Reef system, you will find more than 17,000 islands of the **Indonesian archipelago**.

While comprising only 1.6% of the planet's oceans, the CT is home to over 76% of all known coral species in the world, counted 600 species of reefs. Here you may encounter with more than 2,000 species of fish, including the largest shark on earth, Whale Shark, to the smallest one like vivid Nudibranch. Also noteworthy is that 6 of the world's 7 species of marine Turtles make this place home.

The CT within Indonesia has long been the marine scientists' and avid divers' best-kept secret of the healthiest coral reefs to explore in a time when much of world's reefs are dying due to ocean acidification. Although most divers focus on underwater exploration, there is also a great deal to explore on the surface. It is one of the most beautiful islands systems on earth with massive areas seemingly unexplored.

EXPERIENCE

A MAGICAL SAFARI TO THE RICHEST REEFS ON EARTH

PADI SCUBA DIVING CERTIFICATION

You and your family can be trained together with our own private instructors.

This training will result in you earning your PADI* divers ID card which will allow you to dive anywhere in the world.

We have all the equipment and staff to facilitate your training in a safe and comfortable pace.

This will be an unforgettable experience in the most remote and pristine Sea-Scapes in the world.

From the shallow Sandy beaches you can learn how to breath underwater, clear you mask, give proper hand signals and other skills to allow you to dive safely.

This experience will undoubtedly be highly rewarding gaining a skill that can be use for a lifetime.

SNORKELING

Imagine swimming along side of whale sharks, stingless jellyfish, colorful soft coral and thousands of fish while staying on the surface of the water.

The aquatic treasures of the Coral Triangle can be enjoyed by virtually any one at any level – the only equipment needed are a mask, snorkel and fins!

KAYAKING

Between dives or after snorkelling, you can venture out in the calm lagoon in one of our 3 person kayaks.

This is a relaxing and tranquil activity that will allow you to hear the gentle sounds of nature.

STAND UP PADDLE BOARDING

A relatively new activity that is gaining popularity is Paddle-boarding.

It allows you to enjoy your surroundings without the sound of any machines or engines while viewing the world around you.

It also burns up many calories as you work your core muscles to move forward and keep your balance.

TUBING

Alternatively, you can choose to be towed on our 2-person tube.

This is a popular activity for kids to enjoy together as they glide back and forth along the waters of calm bays.

WATER SKIING

The powerful 225 hp Boston Whaler Dauntless is set up for both water skiing with either one or two skis depending on your skill level.

The still waters of hidden bays and lagoons provide the ideal venue for smooth turning in surroundings of unimaginable beauty.

FINE DINING

Chef Petty Elliot has collaborated with *Sequoia* to create a unique menu with Indonesian flare from the finest locally sourced seasonal ingredients. You may choose to dine in the spectacular great room, al fresco in our sky deck, or on any number of beautiful island beach settings.

Our chefs will create sumptuous breakfasts, comfort foods for lunch or snack, delights with sunset tea, cocktails before fine dining, and dinners and dessert that you family will remember for years to come.

BEACH PICNIC

The best areas to picnic are pockets of privacy, artfully selected and in just the right location, not too far but hidden from plain sight where coconut trees make perfect shades for a picnic day.

KIDS ADVENTURE

Sequoia features many tools and activities for kids to enjoy.

They can do many of these activities on their own such as drawing books, puzzle, origami, handcraft from Decopath, volleyball, soccer, freesbie, and kites.

With their natural curiosity and affinity to learn new skills, children can make some of the best scuba divers.

The Bubblemaker program is a one day experience program in a pool or confined water for children eight and older with a max depth of two meters/ six feet.

PADI's Junior Open Water Diver course is similar to the adult certification program and prepares kids to become full-fledged divers when they are of age of ten.

To begin the program, students must be at least 10 years old and be able to swim.

CINEMA UNDER THE STARS

Finish your afternoon with tea or a cocktail while you become mesmerized by the romantic sunset of equatorial Indonesia.

Continue with dinner under the stars with *Sequoia's* underwater hull lights on to illuminate the sea around you with the music of your choice playing in the background.

End your night with a romantic "under the stars" movie cinema up in our sky deck or on a pristine beach.

ISLAND EXPLORATION

The Coral Triangle is comprised of thousands of magical Islands each unique in terms of landscapes and culture. We will tailor your island adventure to include activities such as hiking, treks up a volcano, birding and shopping in local markets.

You will be brought to local tribes to connect with a true spirit of the place from ancient handicraft production such as Ikat weaving as well traditional celebratory dance routines.

BIRDING

Watching birds through the binoculars is becoming more popular every year.

It offers an opportunity to spend time outdoors with loved ones examining their beauty and the complexity of avian social interactions.

It also allows you to “enjoy the moment” and become one with nature while you try to determine the species under the lens.

The variety of birds in Indonesia is astounding with 380 endemic species as well as considerable number of migratory species.

PRICELESS MOMENTS

In era of constant technological activity, human and nature connections are lost. A remote destination provides opportunities for silence and space connecting to something larger than us, nature. Any time you get off from *Sequoia*, whether it is scuba diving, snorkeling, birding, hiking, or culture immersion. It allows us to pause, observe, and learn about wildlife and life in a larger scale. At the end, it will allow us to connect with our inner self. Leaving you more balanced after a safari.

ALL-INCLUSIVE

Ground transportation

Harbor and park fees

Professional Crew including: Licensed Captain, Cruise Director, Chef, Butler, Dive Instructor, and Masseur

All water & island activities

All food & drinks (with or without alcohols)

Diving gear and all water sport equipment
